SOLDIERS TO SUBDU STRIKERS

**MILITIA CHARGES BIG MOB
AROUND THE WOOLEN MILLS**

**FIRE DEPARTMENT AT LAW
RENCE, MASS., THEN GETS
BUSY AND BOWLS OVER
STRIKERS WITH ICY WATER.**

LAWRENCE, Mass., Jan. 15.—The local company of state militia was called out by Mayor Cahill at 10 o'clock this morning as the result of an attack by the striking employees of the woollen mills on the militia.

The soldiers charged a mob of 1,000 men and women in front of the woollen mills with fixed bayonets and dispersed the crowd for the time being. Many were injured in the charge and a large number were taken to the hospital.

Following the charge in front of the woollen mills the strikers made an attempt to attack other mills along the river and the fire department was called out to assist in the resistance. The firemen turned streams of water on the strikers and many of them were bowled over in the stream. Other militia companies will be called here to quell the disturbances if the trouble grows any worse.

The trouble is caused by the new state law which takes two hours off the working week for the textile workers, but the strikers believe the new law is responsible for the shorter time.

BOSTON, Jan. 15.—Governor Foxcroft ordered five companies of the state militia to proceed to Lawrence on duty at once.

QUESTION OF STRIKE WILL BE SETTLED

**AT THE MINERS CONVENTION
WHICH WILL BEGIN TOMORROW**

**ANTHRACITE WORKERS WILL
DISCUSS MANY IMPORTANT
QUESTIONS AT GATHERING IN
INDIANAPOLIS.**

INDIANAPOLIS, Jan. 15.—Whether there will be a strike among the anthracite coal miners this spring will depend largely on the action taken at the annual convention of the United Mine Workers of America, which will convene here tomorrow and will continue in session for about two weeks.

The contrast between the anthracite miners and the operators regarding the scale of wages, will explain this spring and one of the chief topics of discussion at the convention will be the wage scale.

The committee in the eastern district had made arrangements to meet the operators and make their demands two weeks ago, but owing to a difference of opinion within their ranks, it was decided to postpone the negotiations until after the convention.

When asked his opinion of the probable result of the convention's consideration of the wage scale question, Secretary Edwin Perry stated that no hint of the changes to be recommended by President White would be given until the opening of the big meeting. This precaution is taken to prevent loss of the present administration attending the convention fully prepared to defend any legislative measures introduced by the executive officers. An advance publication of the president's report has been the means of frustrating the well laid plans of the executive officers on more than one occasion in the past.

**SPECIAL MEETING OF THE
HALIFAX RIVER YACHT CLUB**
RESOLUTION OF PROTEST UNANIMOUSLY ADOPTED AT MEETING HELD AT THE CLUBHOUSE SATURDAY AFTERNOON.

The special meeting of the Halifax River Yacht club Saturday afternoon to discuss the action of the Florida Coast Line Canal and Transportation company in its seeming repudiation of its contract in the matter of dredging a suitable channel through the Tomoka basin, was called to order promptly at 4 o'clock, with Thos. H. White as chairman, and H. G. Hummel, secretary.

The business for which the meeting had been called was stated by the secretary and a copy of Geo. C. Gosson's letter, as published in Saturday's issue of the Daily News, was read for the benefit of those not fully informed in the matter.

Following some preliminary discussion a committee was appointed to draft a resolution covering the position taken by the club in relation to the matter and a recess was taken to allow for the immediate framing of the resolution for presentation to the state internal improvement board.

The committee, composed of Chairman Thos. H. White, S. R. Bulard, Geo. W. Blymyer and Maj. A. B. Foster, thereupon retired and formulated a resolution which was unanimously adopted by the club and the committee was instructed to notify the Daytona city council, the Daytona board of trade and the Hotel Mon's Association of Daytona of the action taken, accompanied by a copy of the resolution, which was in substance as follows:

That the members of this club protest against the Florida Coast Line Canal and Transportation company receiving any compensation whatever for work on the canal between St. Augustine and Daytona until the headwaters of the Halifax river has been made navigable by proper dredging, as under present conditions the canal north of the Halifax river is worthless and practically impassable from this city to points north on account of the conditions now existing at the head of the Halifax at which place the canal should be of the same depth and width as the balance of the canal.

HOW PRICES JUMPED AFTER THE PANIC

**EXPLAINED IN PACKERS' TRIAL
BY TRANSACTIONS IN HIDES**

**MEAT PACKERS STOPPED AL-
LOWANCES FOR HIDES BUT
CONTINUED TO SELL THEM
JUST THE SAME.**

CHICAGO, Jan. 15.—The secret of the sharp rise in the price of dressed beef following the panic of 1907 was disclosed today in the trial of the ten millionaire packers, by the books of the Morris company and testimony by cost experts.

The government showed that during May, June, July and August, 1908, the credit allowances for hides practically ceased. The government claimed that the agreement to stop the allowances on hides was made in November, 1907, and that the instructions of the packers were to try "to o. k. it out on dressed beef and fresh meats." The packers, however, continued to sell hides.

The government claimed this was one method of concealing the profits.

HOLLY HILL SHOULD GIVE UP CHARTER

**OR ELSE KEEP UP ITS ROAD
SUGGESTS A WINTER RESIDENT**

**THAT TOWN AS WELL AS KING-
STON AND BLAKE, SHOULD BE
SUBURB OF PRETTY CITY OF
DAYTONA.**

Concerning the statement from C. S. Harris, clerk of the town of Holly Hill concerning the condition of the Daytona-Ormond road, which was published recently in the Daily News, a tourist resident of Daytona makes a suggestion that if the town of Holly Hill can not do its part toward keeping up the roads it should be annexed to the city of Daytona, along with Kingston and Blake, and that a more concerted effort should be made by the residents of this vicinity to keep the roads in good condition as an inducement for tourists and winter residents to bring their automobiles here during the winter months.

The letter, which is written by a well known winter resident, to the Daily News is as follows:

"Editor Daily News:—The Ormond-Daytona roads are now practically impassable, except for automobiles, which can pull through, but no automobile can or would try to wallow for miles through such mire.

"A recent communication from the clerk of Holly Hill acknowledges the horrible condition of both the roads to Ormond, by the river way and by Ridgewood avenue, and practically says to the tourists they must build the roads themselves, if they care to drive to Ormond, as the town of Holly Hill is too poor to do anything about it. The statement is made that the town's total tax levy is less than \$700. Then why attempt to any longer exist as a separate town? I don't see how salaries of town officers, the maintenance of schools and many other expenses can be paid, let alone keeping the roads in repair. I think the town should be indicted and its charter annulled by decree of the court, or that the charter should be voluntarily surrendered.

"Holly Hill should be ward seven of Daytona, Kingston should be ward six and Blake should be ward five. Holly Hill would be the most beautiful suburb of the most beautiful city in Florida, and as a part of Daytona would prosper, property values would increase and such an annexation would tend to make a bigger, better and busier Daytona.

"Daytona is in the resort business, and well in it, too, and lacks but little to keep at the head of the class. It has one good road south, and should have as good a one north. Tourist with automobiles, and their families, spend from \$1,000 to \$2,000 every winter in Daytona. That is a good business, and it could and should be increased by giving passable roads to the tourists.

"Don't tell them they must build their own roads after they get here as that would not help boost Daytona.

"There are fine roads in Porto Rico, Bermuda, Jamaica, etc., and in some cases steamship companies carry automobiles free for passengers, while it costs from \$100 to \$300 from the north for some residents of Daytona, not to mention bad treatment by transportation companies.

"Daytona has an able city government, hotel men's association and board of trade and patriotic and liberal business men—400 liberal who they blow in \$3,500 for the purchase of an airplane exhibition, which benefitted Daytona about 30 cents and nobody cared anything about, and about all Daytona lacks now is a good mail road to Ormond, no oyster shells to cut auto tires, which cost \$30 to \$50 each.

"Yours very truly,
"TOURIST."

Notwithstanding the filing recently done in the roadway at the railroad passenger depot, the constant rain and heavy traffic last week transformed the yard into a sea of mud. Volusia avenue, also, between Ridgewood avenue and the railroad, was in a deplorable condition from the same causes.

Mrs. Marion Crane and her son, C. B. Crane, Jr., are now located in the east half of the John Case double house on Volusia avenue, having re-rented the Carson house on Magnolia avenue which they have been occupying since their arrival earlier in the season. The rentals were made through the Edmondson & Donnelly agency.

A matter of importance to the whole East Coast country, which was acted upon by the Halifax River Yacht club at a meeting Saturday afternoon, will be brought before the Daytona board of trade this evening and relates to dredging work which should be done by the Florida Coast Line Canal and Transportation company in the Tomoka basin in order to form a deeper connection between the sections of the canal north and south of that point and which the canal company now seems inclined to repudiate as part of its contract.

The Record, the W. W. Austine boat left Monday morning for the south, the destination being Miami. About a month will be spent on the cruise, the boat having been chartered for that length of time by three Brooklyn men who have been guests of the Austin hotel for several days. The men in the party are J. S. Spencer, B. R. Meserole and John Thornton, Jr.

Hiram Spaulding arrived last week from Avoca, N. Y., and will be here for about a week looking after his large property interests at Blake, where he owns a large tract of land, adjoining the Munroe & Stevens orange groves, and a packing house or ware house, located on the railroad. Mr. Spaulding spent two weeks at Hastings, prior to coming here, and says this section is flooded with water and the planting of crops delayed three weeks or more thereby.

Cashier F. N. Conrad of the Merchants bank of this city has received a picture of the building of the American Exchange National bank in New York, taken during the progress of the fire in the Equitable building last week. The building of the American Exchange National joins the Equitable building and all securities were removed from the bank after the fire for fear the walls of the burned Equitable building would fall and cause much damage to the bank building. The picture shows both structures covered with ice, an evidence of the difficulties encountered by the firemen in fighting the blaze.

GEN. HALL AND PARTY IN THE PHILIPPINES

Pastor Russell Speaks to Crowds in Manila.

Foreign Missions Investigation Committee Given Every Means For Noting Civil and Missionary Activities Amongst the Filipinos—Pastor Russell Tells Auditors That Christ's Kingdom, When Established on Earth, Will Exercise Autocratic Power.

Manila, Jan. 14th.—Gen. W. P. Hall, second in command of the U. S. Army and at one time Military Governor of the Philippines, is here in company with Pastor C. T. Russell, Prof. F. H. Robinson, Dr. E. W. Jones, Mr. J. T. D. Pyles, Mr. E. W. V. Kuehn and Mr. R. B. Maxwell, the special Committee of Foreign Missions Investigation, appointed by the International Bible Students Association. They were heartily welcomed and given every facility for noting civil and missionary activities amongst the Filipinos. Pastor Russell gave two addresses today to large audiences, chiefly Americans. We report his address from the text, "Thy Kingdom come, Thy will be done on earth, as it is done in heaven." He said:—

Many of us have learned to appreciate a Republican form of government as the very highest type of civil administration. Nevertheless, the Bible teaches that Messiah's reign will be that of a Monarchy; not only so, it will be a very exclusive and autocratic Monarchy. Additionally, it will be most autocratic—theocratic. At first, in alarm, we are ready to say, Would not that be a most dangerous condition of things? Ordinarily yes, but when I shall describe the nature of the Kingdom and its personnel, all your fears will assuredly vanish.

The Reason For the Failure of Napoleon and Papacy.

Scripturally, the Kingdom is described as Earth's Fifth Universal Empire. I remind you of the Divinely inspired dream of King Nebuchadnezzar, as interpreted by the Prophet Daniel. The great image of Daniel II, 31 was described as representing the four successive Universal Empires of earth—Babylon, Medo-Persia, Grecia and Rome. No fifth Universal Empire has been possible; hence the failure of Napoleon and of Papacy to accomplish their intentions.

The Pastor declared that the present governments of Europe represent the ten toes of Nebuchadnezzar's image, and expressed the belief that very soon they will be smitten in a great time of trouble, as outlined in this prophecy. The trouble will entirely sweep away all present human governments, and the Kingdom of Messiah will gradually, during a thousand years, fill the whole earth.

This, in Nebuchadnezzar's vision, was pictured in the stone, taken out of the mountain without hands, miraculously, which smote the image in its feet and then became, itself, a great Mountain or Kingdom, and filled the whole earth.

Anticipating thoughts in the minds of his hearers, Pastor Russell claimed that Christendom has been astray for some time on this point; that it has declared Christ's Kingdom as already existing. The kingdoms of Europe untriedly are called Christendom, which means Christ's Kingdom. But alas! said the Pastor, how untrue! The kingdoms claim upon their coins to be reigning by the grace of God, yet the Bible says that they are "kingdoms of this world," and that the great ruler is "Satan, the Prince of this world."

The Church is the Kingdom.

The Pastor claimed, however, that the Church is the Kingdom of Messiah, in an embryotic state. It is the Kingdom of heaven suffering violence, as Jesus said, "Matthew XI, 12." The King suffered violence. His Apostles suffered violence, and all of His faithful followers since then have suffered violence. This lesson, to endure violence as good soldiers, is one of the tests of loyalty upon the called and chosen, who, proving faithful, may become joint-heirs with Jesus in His Messianic Kingdom.

As the glorified Jesus is to be the Great King, the Great Priest and the Great Judge of the world during the thousand years of His glorious reign, so the elect Church, gathered from every nation, people, kindred and tongue, are to be under-priests, under-kings and subordinate judges. The Kingly Office will be for the ruling, controlling and subduing, with authority and power; the Priestly Office will be exercised for the blessing, encouragement, instruction and assistance of all who will avail themselves of the glorious privileges of that time to become perfect men and to attain everlasting life.

The title of Judge is a comprehensive one; it includes the giving of a trial as well as the passing and execution of the sentence at the close. The trial day for the world will be a thousand years long. (See II Peter III, 7, 8.) St. Paul says, "God hath appointed a day in which He will judge the world in righteousness." He also advises us, "Know ye not that the saints shall judge the world?"

WHY IS GRAUSTARK?

Mrs. C. S. Bradstreet and daughters, the Misses Myrtle and Donna, of Rochester, N. Y., returned Saturday from a three weeks' visit to points on the gulf coast and in the interior of the state and are again located in the W. H. Peck residence located on South Beach street. They saw nothing equal to Daytona while away and are satisfied it is the prettiest place in the state.
